PREFACE.

Soon after the first notice was issued that a Directory for Dundee was in the course of publication, several unforeseen and unavoidable circumstances occurred, tending to retard its progress and delay its appearance. Perfect accuracy in such a publication as the present is hardly attainable, although the greatest care and attention have been bestowed in collecting the information, and making up the lists. Any omissions or errors, however, which may have inadvertently crept in, it is confidently trusted will be found neither numerous nor material. A supplementary sheet, containing lists of the Magistrates and Town Council, Police Commissioners, Harbour Trustees, &c. will be published immediately after the elections take place, with any other alterations, corrections, or additions which may appear necessary, or which the publisher may receive before that time.

IMPROVED SILK DYE-WORK, AND RENOVATING ESTABLISHMENT.

ALEXANDER CRICHTON, Dyer, Scourer, and Renovator, Meadow Entry, Broad of Murraygate, Dundee, begs leave most respectfully to return his sincere thanks to his numerous employers for the support he has experienced since he commenced business—particularly since he introduced the new system (not generally known but to himself) of DYING SILKS on Scientific Principles. He gladly avails himself of this opportunity of intimating that he has lately been in Paris, which he visited for the purpose of making himself acquainted with the excellencies of making Bright Colours—for which the Parisians are so much famed; and, in consequence of this, and of the experience he has had in London and Edinburgh, and other parts of the kingdom, he hopes he will be found fully qualified to give satisfaction in the Dyeing of Ladies' Dresses, Shawls, &c., exactly to their tastes, both in the French and English Fashions.

A. C. takes this opportunity of informing his customers, that he has just received from his Correspondent in Paris, a new invented patent Machine, unrivalled in the Dressing and Finishing of Silks—the only one of its kind in Scotland.

A. C. also begs to state that, with a view to ensure despatch to his customers, he keeps an experienced individual for the express purpose of Renovating Ladies' and Gentlemen's Wearing Apparel, which is done in the Parisian fashion, free from any unpleasant smell, with a beautiful lustre attached.

Orders through any of the following Agents, will be returned without any charge for carriage:—

Mr Peter M'Naughton, clothier.....Cupar Angus.
Miss Jean Crichton, dressmaker.....New Rattray.

N. B.—Not accountable for any articles after twelve months.

A. C. begs to intimate that, from and after this date, he will not hold himself responsible for any goods for which a receipt is not granted on delivery at his work.

OBSERVE!

GIVE C. PATTERSON'S matchless PASTE BLACKING, Dundee, a trial; and you will experimentally find that it is not only the cheapest but in reality the best Blacking now manufactured. In it are combined the twofold qualifications of *moistening*, and *consequently preserving the leather*, as well as producing a *real jet black polish*, hitherto unequalled, with little labour. The Blacking being prepared solely upon chemical principles, every pernicious and hurtful ingredient for the leather, commonly used in the manufacture of Blacking, is neutralized.

Wholesale orders, addressed to C. Patterson, Black's Croft, Dundee, will meet with prompt attention. To prevent mistakes, be sure to ask for "C. Patterson's MATCHLESS Paste Blacking."
